

This order form is only for Transoms over MGM Swing doors

9200-9300- 9400-9500 Transoms

Regular Swing Door **French Door** With the confusion of different size swing doors let me explain the biggest difference between the two.

9200-9200 - **A Single Swing door is 1/4" under rough opening size in the width and 1/2" in the height for example:**

3068 = 35 3/4" X 79 1/2" TTT door size

9200-9200 - **A Two Panel Swing door is 1/2" under rough opening size in the width and 1/2" in the height for example:**

6068 = 71 1/2" X 79 1/2" TTT door size

9200-9200 - **A Three Panel Swing door is 3/4" under rough opening size in the width and 1/2" in the height for example:**

9068 = 107 1/4" X 79 1/2" TTT door size

Regular Swing Door

French
